Seagirt Terminal Hours To Change

Maryland International Terminals announces new hours of operation for Seagirt Terminal. Beginning Tuesday, Sept. 2, 2003 the terminal and gate will be open from 7 a.m. until 6 p.m.

The decision to eliminate the "Midnight Gate" was a direct result of its limited use by the trucking community. However, according to Vice-President of Operations David Thomas, options to improve flexibility will continued to be explored with Seagirt customers and the local trucking community.

Questions and concerns may be transmitted to Brian Miller, MIT Operations Manager, at 410-633-1124.
